Other parking options:

Parking In Marghera Parking Pili From these car parks, located just before the Liberty bridge leading to Venice, not only do they have a very low daily rate but allow you to arrive in Piazzale Roma in 5 minutes with any ACTV bus line that passes through the stop (just outside the parking lot). It is also very well equipped for those who decide to arrive by camper in Venice.

Parking at the Fusina Terminal Terminal Fusina offers ample parking for cars and motorcycles, easily accessible from the highway (A4) and from the main state roads (SS Romea), which would allow you to avoid queues and traffic by taking advantage of the direct line service by vaporetto. You would reach the city of Venice by this means (Zattere landing stage) in just 20 minutes (every hour), starting from the terminal located 100 meters from the car park and also by booking online you could save some money.

Park San Giuliano The car parks (and other means) in San Giuliano have numerous connections to get to Venice by bus (lines 5, 12, 19, 24) whose stop can be reached on foot in just 5 minutes. Not only cheap but also allow a quick connection to the Serenissima, in a few minutes and with buses that run every 5 minutes. Book online parking + ferry Parking in Punta Sabbioni / Treporti For those who stay on one of the beaches of the coast and would like to take a trip to Venice or a tour among the islands (including Murano, Burano and Torcello) if you arrive at the Cavallino-Treporti terminal by car or other means (such as motorcycles or campers) you could park nearby in one of the car parks around Punta Sabbioni. From here the ferries of the public transport company ACTV (line 15) leave where in about 30 minutes they would allow you to reach the Serenissima (you will find all the information on timetables and prices on the website).

The SABA Venezia Mestre car park is an economical option to park near the Venezia Mestre station, which is (let's not exaggerate at all) right in front of the car park. We know perfectly well that one of the main reasons you might need a parking space in Mestre is actually a visit to Venice! This is why we want to guide you in detail, explaining how to reach the center of Venice after leaving your car in this car park at the Venice Mestre station;) First of all you can obviously take a train from Venice Mestre, with which you will reach after just one stop Venice Santa Lucia Station, in the heart of the lagoon. If you prefer to travel by bus instead of the train, you can use line 2 which stops in front of the Mestre station and arrives quickly as far as Piazzale Roma. Both the train and the buses cross the long Ponte della Libertà and give you the possibility to reach the center of Venice in a few minutes! But why choose to park in Mestre? It might seem obvious, but remember that in the center of Venice it is impossible to drive around, let alone park, and that the only area where you can leave your car is Piazzale Roma. Here the parking lots are assaulted, as well as being even more expensive than the Mestre parking lots. However, the SABA Venezia Mestre car park is quite cheap, and is also open every day of the year, 24 hours a day. Its parking spaces are fully covered and under video surveillance, remaining perfectly accessible for disabled people. Cheap prices, good service and a great location are what this car park at Venice Mestre Station offers you to get your trip to Venice off to a good start! How to log in? During the purchase process, choose the date you will arrive. After making the online payment you will receive, by e-mail, a receipt with the identification code of your reservation. On the day of your arrival, enter the car park as normal with your vehicle, collect the ticket at the entrance and park in one of the specially reserved parking areas. After parking, go to the parking offices, with your Parclick receipt and the parking ticket, to validate your reservation. Here our staff will check the validity of the code and hand you the booking ticket, to be used when exiting the car park. In the event that the offices are closed or in the temporary absence of staff, do not worry: you can return at a later time, at the opening hours indicated in the parking card, to validate your purchase. If you want to leave the car park, use the intercom located at one of the automatic pay stations in the car park to get in touch with our

Control Room. By providing the identification code of your purchase, you will receive assistance on what to do.
